NAÏSSAM JALAL

A virtuoso flautist, vocalist and prolific composer, **Naïssam Jalal** shines through her ability to forge links between different musical cultures and aesthetic fields. Through her imagination, her real-life encounters and memories, she presents a singular universe for each new project.

She has received many prestigious awards, including the Grand Prix de l'Académie Charles Cros 2017, the Victoire du Jazz (French Grammy) in 2019 along with four nominations, the Prix des Musiques d'ICI 2020 and the Premier Prix Jazz at the International Songwriting Competition 2022. In 2023, she was made Knight of the Order of Arts and Letters, and Women of Culture. In 2024, she was named best French flautist by Jazz Magazine and Jazz News for the third time, following earlier wins in 2021 and 2023. Over the course of her eleven albums, she has established herself as one of the leading figures on the contemporary jazz scene.

Naïssam presents a special curated show ahead of the release of her album **Landscapes Of Eternity** on 27th March 2026.
